General motors Corporation

Detroit, MI

SAE J639

NOTICE

AIR BAG

- This vehicle is equipped with an air bag system.
- To help prevent unwanted inflation, see Service Manual for diagnostic and service procedures before performing any service.

THIS VEHICLE REQUIRES A SPECIAL COOLANT FILL PROCEDURE.

- Read Owner's or Service Manual before adding any coolant to system.
- Failure to follow the special fill procedure could result in damage to the engine.

USE ORANGE COOLANT ONLY

- Your engine coolant does not require maintenance for 5 years or 100,000 miles (166,000 km) if you add only silicate free, orange coolant meeting GM Spec 6277M
- See Owner's Manual for more information.

R-134a (FOR AIR CONDITIONED VEHICLES ONLY)

Use only R134-a refrigerant #12345922 or equivalent and synthetic oil #12345923 or equivalent or this A/C system will be damaged.

System charge: 3.8L V6 1.0 lbs. 10oz. (0.74 Kg)

System charge: 5.7L V8 2.0 lbs. (0.91 Kg)
